

## Make Your Own Bunting!

**Instructions:** Print out several copies of this page. First, decorate the triangles however you like - perhaps colour them in, or you could write a message across several triangles. Next, ask an adult to help you cut them out, and to pop a hole in each corner, using the circles as guides. Then you can thread string through the holes. Now you'll have a beautiful string of bunting to decorate your kitchen or garden, or anywhere you like!

You can use your bunting for:

- Weddings
- Birthday Parties
- Holidays
- To decorate your bedroom
